

SWAROVSKI
Eternal

SWAROVSKI
Eternal

The Eternal Swarovski collection redefines luxury bathroom design, combining artistry with functionality.

The centrepiece is an oval ring set with Swarovski crystals, symbolising eternity and love.

A recurring motif in all the pieces, it combines architectural precision with flowing lines and balanced proportions, ensuring harmony with modern interiors.

Beyond aesthetics, the collection offers an emotional experience, inviting users to embrace beauty in daily rituals.

Here, water flows not just from taps, but from the very essence of artistry, and every glance at these pieces is a reminder that true luxury is eternal.

SWAROVSKI Eternal Standard Lever Basin Mixer

Oval lever with SWAROVSKI crystals regulates water flow and temperature control. Coordinates with other products in the Eternal collection.

The EMPOLO Select aerator features SLIM Air HONEYCOMB® technology, which introduces air into the water stream to create a larger, whiter stream that is smoother to the touch and has a splash-free spout.

The EMPOLO Select Key Clip design reduces limescale and hard water, prevents splashing, reduces noise and water consumption and allows the aerator to be easily removed for cleaning.

EMPOLO Select Ceramic Valve Disc controls water flow while minimising leaks and drips, saving valuable resources and reducing water waste. The durable and life-saving EMPOLO Select Ceramic Disc does not require frequent replacement or maintenance.

Single-lever Basin Mixer

SWAROVSKI
Eternal

The Swarovski Eternal 01 1102SC Comfort Single Lever Basin Mixer features a solid brass cylindrical body with a Comfort Zone reach, enhanced by the EMPOLO+ More Comfort Space Design, which provides an extra comfortable area for washing hands, elbows, hair and more.

01 1102SC-BCG

Single-lever High Basin Mixer

The Swarovski Eternal 01 1702SC single lever wall-mounted basin mixer features a solid brass wall-mounted plate for durability and a sleek, contemporary look.

Its elongated spout is fitted with a SLIM Air HONEYCOMB® SSR aerator, which provides a soft, aerated stream that prevents splashing and includes a silencer to reduce noise and limescale build-up.

The single-lever oval handle, set with Swarovski crystals, allows precise control of water flow and temperature. Performance is guaranteed by the EMPOLO Select ceramic disc cartridge, which ensures long-lasting reliability with a lifetime of 500,000 cycles.

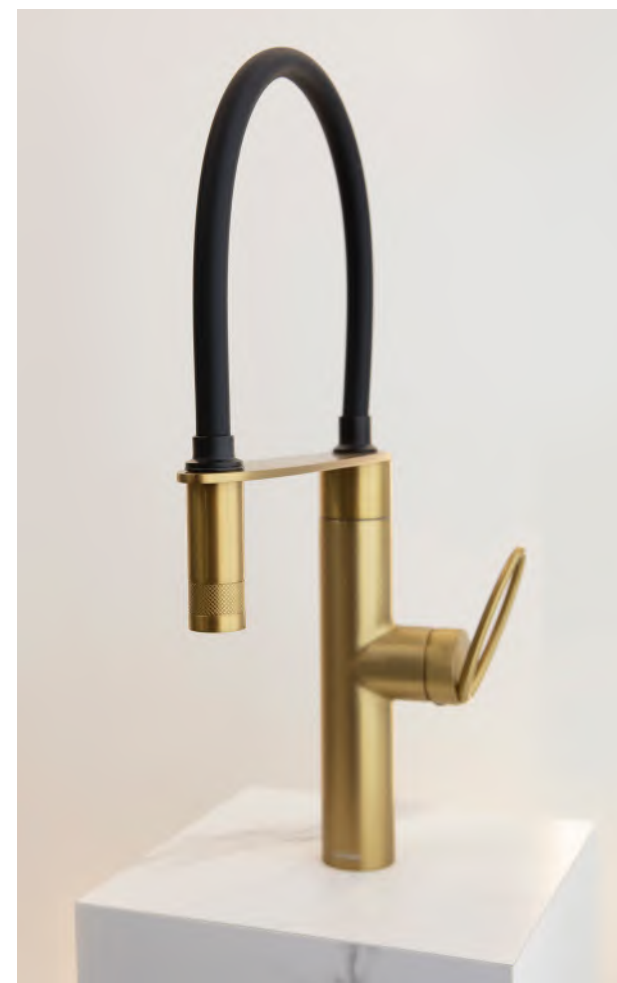

01 1702SC-BCG

Wall-mounted Basin Mixer

The SWAROVSKI ETERNAL 01 2101SC Kitchen Faucet with Pull Out Spray features a solid brass deckmounted body and a gooseneck spout with a PERLATOR* coin slot aerator for easy removal and cleaning. It delivers a soft, aerated stream to prevent splashing and includes a silencer to reduce limescale and hard water build up, helping to conserve water.

The single lever oval handle, set with SWAROVSKI CRYSTALS, allows precise control of water flow and temperature, ensuring optimum performance and aeration from 0.2-1 bar. This elegant and functional design combines luxury and practicality for a sophisticated kitchen experience.

The SWAROVSKI ETERNAL 01 4705SC is a luxurious bath/shower mixer designed for exceptional bathing experiences. Made of solid brass, it features an overhead shower with dual water flow options: a focused fountain for massage and a gentle rainfall for relaxation.

The spout's SLM Air HONEYCOMB aerator delivers a soft, aerated stream, minimizing splashing and noise, and reducing limescale. It's easy to clean with the Neoperl key.

A crystal-encrusted handle provides precise temperature and volume control, while a rotary diverter allows seamless switching between spout, hand, and overhead showers, and between fountain and rainfall modes. This mixer combines luxury, elegance, and functionality.

Wall-mounted Shower/Bath Mixer

The SWAROVSKI ETERNAL 01 7003SC Deck Mount Bath/Shower Combination features a solid brass deck plate with five elements, including an elongated spout fitted with an SLIM Air HONEYCOMB" aerator, which provides a soft, aerated stream, prevents splashing, reduces limescale and incorporates a silencer for quiet operation.

The spout also allows for easy removal and cleaning using a Neoperl wrench. The appliance features two SWAROVSKI CRYSTAL-encrusted oval single lever handles for precise control of both volume and temperature. A dial diverter seamlessly switches the flow of water between the spout and the solid brass hand shower, which is attached to a flexible hose for easy rinsing and cleaning.
