MONDRIAN

by Aref Fourati

Art in every detail. The Mondrian Collection by Aref Fourati for Empolo elegantly blends art and contemporary luxury. Drawing on De Stijl and Mondrian's geometric abstraction, it transforms bathrooms into dynamic spaces through bold colours, asymmetrical balance and material contrast.

Showers, accessories and cabinets become canvases where primary colours interact with white and black to create vibrant harmony. Asymmetric designs create rhythm and tension, while glossy lacquers, matte metals, glass and brass dividers enrich the experience.

At its heart, the knob is the perfect fusion of functionality and art, offering intuitive control with geometric precision. This collection is more than just products - it's an invitation to immerse yourself in a world where everyday rituals become moments of aesthetic inspiration.

MONDRIAN

by Aref Fourati

The Mondrian 15 1101 Standard single-lever basin mixer is a blend of contemporary design and practical functionality.

It features a solid brass cylindrical body topped with a Mondrian design dial knob for easy control of volume and temperature. The elongated spout incorporates a PERLATOR* coin slot aerator, which provides a soft, aerated stream that prevents splashing and reduces limescale and hard water build up.

The aerator can be easily removed for cleaning with a Neoperl key or coin. Crafted from high quality brass for durability and reliability, this deck mixer simplifies installation with pre-attached flexible supply lines and is designed for single hole installation.

15 1101BRG

Single-lever Basin Mixer

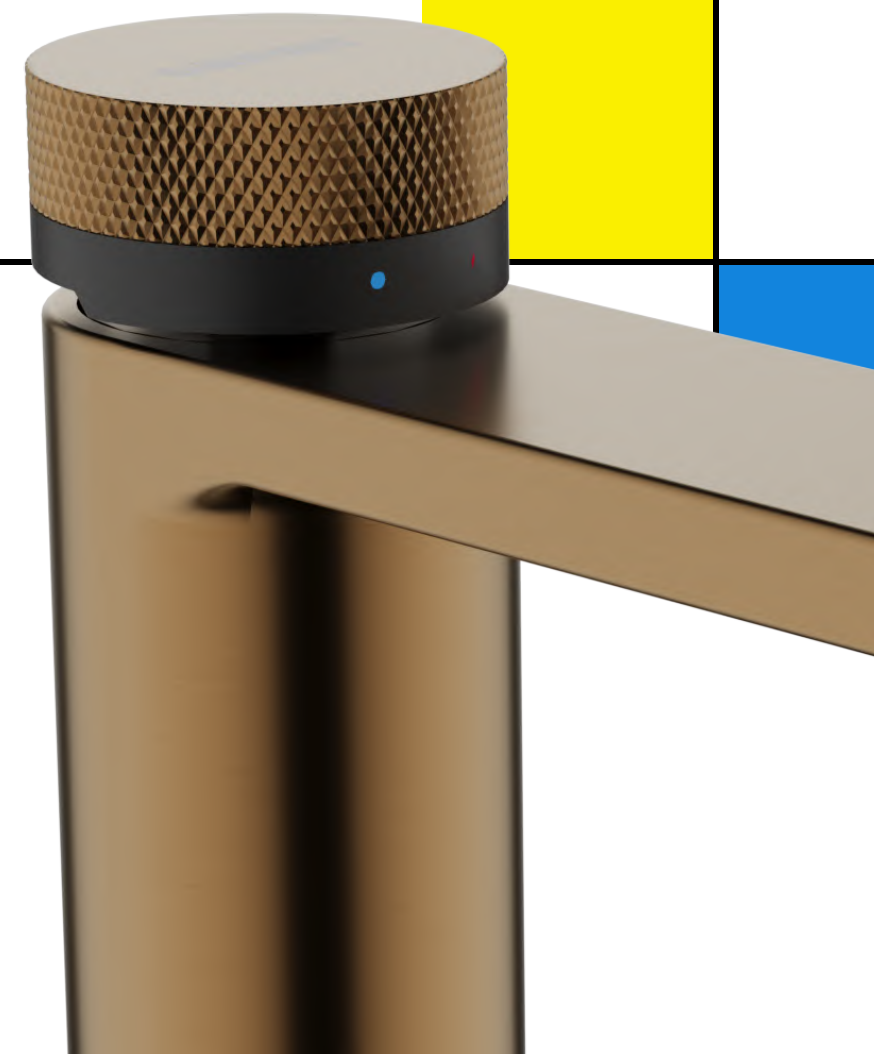

The Mondrian15 1102 Comfort single lever basin mixer is designed for enhanced ease of use and comfort, with a solid brass cylindrical body topped with a Mondrian design dial knob and comfort zone reach.

The EMPOLO+More Comfort Space design provides an extra comfortable area for washing hands, elbows, hair and more. Its elongated spout is fitted with a PERLATOR* coin slot aerator, which provides a soft, aerated stream that prevents splashing and includes a sound suppressor to reduce limescale and hard water build-up.

The aerator can be easily removed for cleaning with a Neoperl key or coin. Crafted from high quality brass for durability and reliability, this deck mixer simplifies installation with pre-attached flexible supply lines and is designed for single hole installation.

15 1102BRG

Single-lever High Basin Mixer

The Mondrian 15 1702 Single Wall Mount Single Lever Basin Mixer combines sophisticated design and functionality, featuring a solid brass escutcheon panel with a distinctive Mondrian design dial knob.

The outreach spout includes a PERLATOR* Coin Slot Aerator for easy removal and cleaning with a Neoperl key or a coin, providing a soft aerated stream that prevents splashing and includes a noise silencer to reduce limescale and hard water buildup. The water-saving feature ensures optimal performance and aeration from 0.2 to 1 bar.

The Mondrian dial knob allows precise control of volume and temperature, while the EMPOLO Select ceramic disc cartridge guarantees long-lasting performance with 500,000 cycles. Made from premium brass for durability and reliability, the mixer also simplifies installation with preattached flexible supply lines. This mixer adds a touch of elegance and efficiency to any bathroom.

15 1702BRG

Wall-mounted Basin Mixer

The Mondrian 15 2101 kitchen faucet with pull-out spray offers a blend of functionality and elegance, with a solid brass deck mounted arch and a gooseneck spout fitted with a PERLATOR™ coin slot aerator for easy cleaning with a Neoperl key or coin.

It delivers a soft, aerated stream that prevents splashing and includes a silencer to minimise noise and reduce limescale build-up.

The mixer is designed to save water, with optimum performance and aeration from 0.2 to 1 bar. It also features an oval single-lever handle with a Mondrian dial knob for precise control of volume and temperature.

15 2101BRG

Single-lever Kitchen Mixer

The Mondrian 15 3801 freestanding bath filler with hand shower combines luxury and functionality. It features a solid brass cylindrical base with a distinctive Mondrian dial knob for precise control of volume and temperature.

The bath filler includes a hand shower attachment with a long flexible hose for easy rinsing and targeted water flow. A built-in diverter makes it easy to switch between the bath spout and the hand shower. The elongated spout is fitted with a SLIM Air HONEYCOMB* aerator for a soft, aerated stream that prevents splashing and includes a sound suppressor to reduce limescale and hard water build-up.

Designed for optimum performance with a flow rate of 20.301/min at 3 bar, the bath filler also features the EMPOLO Select ceramic disc cartridge for durability with 500,000 cycles. Made from premium brass for lasting reliability, the bath filler is easy to install with pre-attached flexible supply lines.

Floor-standing Shower/
Bath Mixer

Mondrian 15 4705 Built-in bath shower combination is a built-in bath shower combination made from solid brass for lasting elegance and durability.

Designed by Swiss architect Aref Fourati, it combines minimalist design with advanced functionality. It offers a dual shower experience with a fountain shower for targeted massage and a rainfall shower for a spa-like experience.

The EMPOLO Select ceramic cartridge ensures precision and durability, while the dial-knob diverter allows seamless switching between different shower modes.

It also features a water-saving PERLATOR® aerator and easy installation with pre-attached flexible pipes. The hand shower and elongated spout add to its versatility and modern appeal.

Wall-mounted Shower/Bath Mixer

The Mondrian 15 7003 deck mounted bath/shower mixer combines elegance and practicality with a solid brass deck mounted mixer with five elements including an elongated spout with a PERLATOR* coin slot aerator for easy cleaning.

The spout delivers a soft, aerated stream that prevents splashing and includes a silencer to reduce limescale and hard water build-up. The Mondrian dial knobs offer precise control of volume and temperature, while the dial knob diverter allows seamless switching between the spout and the solid brass hand shower. The hand shower is supplied with a flexible hose for easy rinsing and cleaning.

Designed for optimum performance, this bath and shower combination is made from high quality brass for durability and reliability. Installation is simplified with pre-attached flexible supply lines and a five-hole deck fixing.
