Senior designer, Product manager

IF design Award

Kapok design award

Reddot award

Duke Zhao, a senior creative designer. He has 15 years experience, including 13 years of sanitary product design. The sanitary product design includes the whole line of sanitary products (a series of hardware products, such as closets, bath cabinets, faucets, showers, bathtubs, hardware pendants, etc.). The sanitary industry is a huge integrated system, which ultimately serves the use experience of consumers as the benchmark. The grasp of every detail of sanitary products and the direction of putting them on the market will determine the value generated in the future, which requires us, as designers, to master all aspects of product knowledge. For the development and design of new products and the supporting and planning of existing products, he has accumulated certain experience and ability. He has personal opinions on the future development of the bathroom industry. He has a strong sense of innovation, cross-border integration, product planning and organizational capabilities.

BELGRAVE

by Duke Zhao

The BELGRAVE standard single lever basin mixer 23 1101 crafted from solid brass, this mixer has a square body design that exudes sophistication. The Neoperl aerator spout provides a soft, aerated water flow, enhancing efficiency, and the noise silencer ensures a peaceful environment. It is water-saving.

The single lever handle, with its square design, allows for precise control over the flow rate and temperature. Backed by a Sedal ceramic disc cartridge with a durability rating of 500,000 cycles, this mixer is a reliable choice for any bathroom.

Its deck-mount design is suitable for single-hole installation and comes with pre-attached flexible supply lines for easy installation.

23 1101

Single-lever Basin Mixer

The BELGRAVE comfort single lever basin mixer 23 1102.

With its solid brass square body, this mixer offers a sleek and modern look that complements any basin. The extended spout is equipped with a Neoperl aerator that provides a soft, aerated stream to prevent splashing, and includes a noise silencer to create a peaceful ambience. It also helps to reduce limescale and hard water issues, making it an environmentally friendly choice.

The square-designed single lever handle allows for easy control of both the flow rate and the temperature. Built to last, it features a premium ceramic disc cartridge that endures 500,000 cycles and is constructed from premium brass for durability.

Its deck-mount design is suitable for single-hole installation and the pre-attached flexible supply lines make installation a breeze, especially for above-counter basins.

23 1102

Single-lever High Basin Mixer

The BELGRAVE single lever wall mount basin mixer 23 1702 is a fusion of modern design and practical functionality. This wall-mounted mixer features a solid brass escutcheon for durability and a premium feel.

The Neoperl aerator spout provides a soft, aerated stream to prevent splashing and includes a noise silencer for quiet operation. It also helps to reduce limescale and hard water issues while promoting water conservation.

The square-designed single lever handle allows for effortless control over the flow rate and temperature. Backed by a premium ceramic disc cartridge with a lifespan of 500,000 cycles, this mixer is built to last.

Its wall-mount design is suitable for single-hole installation and comes with pre-attached flexible supply lines for a simple, clean setup.

Wall-mounted Basin Mixer

The Belgrave single hole basin cold tap 23 1101-L

This single cold tap features a solid brass square body for durability and a sleek look. The Neoperl aerator spout delivers a soft, aerated stream to prevent splashing, and includes a noise silencer for quiet operation. It also helps to reduce limescale and hard water issues while promoting water conservation.

The square-designed single lever handle allows for easy control of the flow rate. With a premium ceramic disc cartridge that lasts for 500,000 cycles, this tap is built to last.

Its deck-mount design is suitable for single-hole installation and comes with pre-attached flexible supply lines for simple and efficient setup.

23 1101-L

Single Cold Tap

The Belgravia single lever kitchen mixer 23 2101 is where form meets function.

With its solid brass square body, this mixer is sure to stand out in any kitchen setting. The Neoperl aerator spout provides a soft, aerated stream that reduces splashing and noise, and saves water. It is designed to combat limescale and hard water.

The square-designed single lever handle provides intuitive control over the flow rate and temperature. The premium ceramic disc cartridge ensures a lifespan of 500,000 cycles, making this a reliable choice.

Constructed from premium brass, this mixer is built to last. Its deck-mount design is suitable for single-hole installation and comes with pre-attached flexible supply lines for easy installation.

23 2101

Single-lever Kitchen Mixer

The BELGRAVE rain-shower/bath filler 23 3601.

This set features a solid brass construction and includes a square overhead shower that mimics gentle rain, providing even water distribution for a relaxing, immersive bathing experience. The large overhead shower covers your entire body, while the hand shower with a flexible hose provides a targeted water flow for easy rinsing and cleaning.

Both the overhead and hand showers ensure a powerful yet soothing shower experience. The single lever handle with a square design allows for precise control over the flow rate and temperature. Backed by a premium ceramic disc cartridge with a lifespan of 500,000 cycles, this shower set is built to last.

Its wall-mount design and pre-attached flexible supply lines make installation simple, bringing the ultimate showering experience to your bathroom.

23 3601

Single-lever Shower/Bath Combination

The BELGRAVE single lever wall mount bath/shower mixer with flow stopper 23 3101.

Crafted from solid brass, this mixer features a square wall-mount body with a built-in flow stopper for added convenience. The Neoperl aerator spout provides a soft, aerated stream to prevent splashing and includes a noise silencer. It also helps to reduce limescale and hard water issues while promoting water conservation.

The single lever handle with a square design provides seamless control over the flow rate and temperature. A diverter valve allows you to effortlessly switch between the spout and the hand shower. Backed by a premium ceramic disc cartridge that ensures 500,000 cycles of durability, this mixer is made from high-quality brass to ensure long-lasting reliability.

Its wall-mount design is suitable for double-hole installation and comes with pre-attached flexible supply lines for straightforward and efficient setup.

23 3101

Single-lever Shower / Bath Mixer

The BELGRAVE swivel joint single-lever bidet mixer 23 5001.

This bidet mixer features a solid brass square body and combines modern design with exceptional performance. The Neoperl aerator spout provides a soft, aerated stream that prevents splashing and includes a noise silencer. It also helps to reduce limescale and hard water issues while ensuring water is saved.

The single lever handle with a square design allows precise control of the flow rate and temperature. Built to last, the mixer is equipped with a premium ceramic disc cartridge that guarantees durability for 500,000 cycles.

Its premium brass construction ensures long-lasting reliability. The deck-mount design is suitable for single-hole installation and comes with pre-attached flexible supply lines for a hassle-free installation process.
