Reddot award

Duke Zhao, a senior creative designer. He has 15 years experience, including 13 years of sanitary product design. The sanitary product design includes the whole line of sanitary products (a series of hardware products, such as closets, bath cabinets, faucets, showers, bathtubs, hardware pendants, etc.). The sanitary industry is a huge integrated system, which ultimately serves the use experience of consumers as the benchmark. The grasp of every detail of sanitary products and the direction of putting them on the market will determine the value generated in the future, which requires us, as designers, to master all aspects of product knowledge. For the development and design of new products and the supporting and planning of existing products, he has accumulated certain experience and ability. He has personal opinions on the future development of the bathroom industry. He has a strong sense of innovation, cross-border integration, product planning and organizational capabilities.

DONA

by Duke Zhao

The DONA 37 1101 standard single lever basin mixer is the perfect blend of style and functionality. Crafted from premium solid brass, this mixer has a sleek, cylindrical design for durability and reliability.

The Neoperl aerator creates a soft, aerated stream that prevents splashing, while the noise silencer ensures quiet operation. The Water Saver feature reduces limescale and hard water build-up.

The circular single lever handle allows easy control of both the flow rate and the temperature. Powered by a long-lasting ceramic disc cartridge (with a lifespan of 500,000 cycles), this mixer guarantees long-term performance.

Designed for deck-mount installation with pre-attached flexible supply lines, it simplifies installation for single-hole setups.

37 1101

Single-lever Basin Mixer

The DONA 37 1102 comfort single lever basin mixer. Offers comfort and functionality. Its solid brass body features Empol's Comfort Space Design, which provides extra room for washing your hands, elbows and hair. The Neoperl aerator delivers a soft, aerated stream that reduces splashing, noise and limescale, and saves water efficiently.

The single lever handle allows for easy control of the water's flow and temperature. The EMPOLO Select ceramic disc cartridge lasts for up to 500,000 cycles. Designed for deck-mount installation with pre-attached flexible supply lines, it simplifies single-hole setups. This mixer offers a combination of comfort, durability and ease of use.

37 1102

Single-lever High Basin Mixer

The DONA 37 1702 single lever wall-mount basin mixer. It features a solid brass, round body for durability. The Neoperl aerator provides a soft, aerated stream that prevents splashing and noise while reducing limescale, and the mixer is water-efficient.

The circular single lever handle allows easy control of the water flow and temperature. It uses an EMPOLO Select ceramic disc cartridge with a lifespan of up to 500,000 cycles. Designed for wall-mounted installation with concealed pipework, it includes flexible supply accessories for straightforward installation. It is ideal for both residential and commercial settings.

37 1702

Wall-mounted Basin Mixer

The DONA 37 2101 professional kitchen mixer with Pull-Out Spray. It has a solid brass cylindrical body for durability. The Neoperl aerator provides a soft, aerated stream and prevents splashing. It also reduces noise and helps minimise limescale and hard water, and is water-efficient.

The single lever handle allows for easy control of the water flow and temperature. The pull-out spray function offers flexible spray modes for added convenience. With an EMPOLO Select ceramic disc cartridge that lasts for 500,000 cycles, it is built to last. Designed for deck-mount installation with pre-attached flexible supply lines, it is easy to install. This mixer combines functionality and style to suit any kitchen.

37 2101

Single-lever Kitchen Mixer

The DONA 37 4101 single lever wall-mounted shower mixer. With its solid brass cylindrical body, this mixer is both durable and reliable. The Neoperl aerator creates a soft, aerated stream that prevents splashing and reduces noise and limescale and hard water buildup, ensuring efficient water usage.

The circular single lever handle allows for intuitive control of both the flow rate and the temperature. Powered by a tested EMPOLO Select ceramic disc cartridge with a lifespan of 500,000 cycles, this mixer guarantees long-lasting performance. Designed for wall-mount installation with pre-attached flexible supply lines, it simplifies setup for two-hole installations. It is ideal for both residential and commercial bathrooms.

37 4101

Single-lever Shower Mixer

The DONA 37 3101 single lever wall-mount shower/bath mixer with flow stopper.

Its solid brass cylindrical body ensures durability.

The Neoperl aerator creates a soft, aerated stream that prevents splashing and reduces noise. It also helps minimise limescale and hard water, and is water-efficient.

The single lever handle allows you to easily control the flow and temperature. The flow stopper lets you pause the water without adjusting the temperature. With an EMPOLO Select ceramic disc cartridge that lasts for 500,000 cycles, it is built to last. Designed for wall-mounted installation with pre-attached flexible supply lines, it simplifies two-hole setups.

37 3101

Single-lever Shower/Bath Mixer

The DONA 37 3601 single lever bath-shower combination. This solid brass wall-mounted set includes an overhead shower and a hand shower, the latter of which comes with a flexible hose for easy reach. The spout features a Neoperl aerator that provides a soft, aerated stream to reduce noise and limescale. A diverter valve allows you to switch seamlessly between the overhead shower, the spout and the hand shower.

Effortlessly control the flow and temperature with the single lever handle. The EMPOLO Select ceramic disc cartridge lasts for up to 500,000 cycles. Designed for exposed wall-mount installation with pre-attached flexible supply lines, it simplifies setup. This combination delivers both functionality and style to any bathroom.

37 3601

Single-lever Shower / Bath Combination

The DONA 37 3801 free standing bath filler with hand shower. It features a solid brass cylindrical body for durability. The hand shower and flexible hose offer the convenience of rinsing and cleaning. The diverter valve easily switches between the spout and hand shower.

The spout is fitted with a Neoperl aerator to provide a soft, aerated stream that prevents splashing and reduces limescale, while the single lever handle allows intuitive control of the water flow and temperature. It is equipped with an EMPOLO Select ceramic disc cartridge to ensure 500,000 cycles of reliable performance.

Designed for floor-mount installation with pre-attached flexible supply lines, it simplifies setup for single-hole installations. This elegant and functional bath filler provides a premium bathing experience.
