Senior designer, Product manager

IF design Award

Kapok design award

Reddot award

Duke Zhao, a senior creative designer. He has 15 years experience, including 13 years of sanitary product design. The sanitary product design includes the whole line of sanitary products (a series of hardware products, such as closets, bath cabinets, faucets, showers, bathtubs, hardware pendants, etc.). The sanitary industry is a huge integrated system, which ultimately serves the use experience of consumers as the benchmark. The grasp of every detail of sanitary products and the direction of putting them on the market will determine the value generated in the future, which requires us, as designers, to master all aspects of product knowledge. For the development and design of new products and the supporting and planning of existing products, he has accumulated certain experience and ability. He has personal opinions on the future development of the bathroom industry. He has a strong sense of innovation, cross-border integration, product planning and organizational capabilities.

DORIC

by Duke Zhao

The DORIC 38 series is a one-stop solution for all your bathroom and kitchen needs, offering basin and bathtub faucets, showers and accessories.

Its minimalist lines and fusion designs offer a simple yet fashionable aesthetic. The smooth lines are versatile and complement both modern minimalist and European classic styles, enhancing the ambience of your living space.

This series is ideal for economy hotels, apartments and residential projects, as well as public facilities such as schools, hospitals and sports centres. Its durability and low maintenance requirements make it a practical choice for high-usage areas. Whether you're looking to upgrade your home or public spaces, the DORIC 38 SERIES delivers timeless elegance and functionality.

DORIC

by Duke Zhao

The DORIC 38 1101 standard single lever basin mixer.

This basin mixer features a solid brass, semi-cylindrical body for durability. The spout is equipped with a Neoperl aerator that provides a soft, aerated stream to prevent splashing and reduce noise. It also minimises limescale and hard water build-up. It is water-saving.

The single lever handle has a square design that allows for easy control of both the flow rate and the temperature. Powered by a tested EMPOLO Select ceramic disc cartridge with a lifespan of 500,000 cycles, this mixer is built to last. Its premium brass construction guarantees reliability.

Designed for deck-mount installation with pre-attached flexible supply lines, it simplifies setup for single-hole installations.

The DORIC 38 1101 is a durable and low-maintenance solution for both residential and public facilities.

38 1101

Single-lever Basin Mixer

The DORIC 38 1102 comfort single lever basin mixer.

Its solid brass semi-cylindrical body features Empol's Comfort Space Design, which provides extra room for washing your hands, elbows and hair. The Neoperl aerator in the spout creates a soft, aerated stream that reduces splashing, noise and limescale. It also saves water.

The square single lever handle allows easy control of the water's flow and temperature. The EMPOLO Select ceramic disc cartridge is designed to last for up to 500,000 cycles, ensuring durability.

Designed for deck-mount installation with pre-attached flexible supply lines, it simplifies single-hole setups. Combining comfort, durability and ease of use, this mixer is ideal for various settings.

38 1102

Single-lever High Basin Mixer

The DORIC 38 1702 single lever wall mount basin mixer. It features a solid brass semi-cylindrical body for durability. The spout is equipped with a Neoperl Aerator, providing a soft aerated stream that prevents splashing, reduces noise, and minimizes limescale and hard water. It also saves water.

The single lever handle with a square design allows easy control of both flow rate and temperature. Powered by an EMPOLO Select ceramic disc cartridge tested for 500,000 cycles, this mixer ensures long - lasting performance. Its premium brass construction guarantees reliability.

Designed for wallmount installation with concealed pipework, it includes preattached flexible supply accessories to simplify setup.

38 1702

Wall-mounted Basin Mixer

The DORIC 38 2101 professional kitchen mixer with pull out spray. This mixer features a solid brass, semi-cylindrical body for durability. The spout is equipped with a Neoperl aerator that provides a soft, aerated stream to prevent splashing and reduce noise. It also minimises limescale and hard water. It also saves water.

The single lever handle has a square design that allows for easy control of both the flow rate and the temperature. The pull-out spray function offers flexible spray modes for convenient rinsing and cleaning. Powered by a tested EMPOLO Select ceramic disc cartridge with a lifespan of 500,000 cycles, this mixer guarantees long-lasting performance. Its premium brass construction guarantees reliability.

Designed for deck-mount installation with pre-attached flexible supply lines, it simplifies setup for single-hole installations. The DORIC 38 2101 combines aesthetic appeal with practical functionality, making it an ideal choice for any kitchen.

38 2101

Single-lever Kitchen Mixer

The DORIC 38 4101 single lever shower mixer.

It features a rectangular brass body for durability. The spout is fitted with a Neoperl aerator that provides a soft, aerated stream to prevent splashing and reduce limescale. It is water-saving.

The square-designed single lever handle allows for easy control of the water flow and temperature. The EMPOLO Select ceramic disc cartridge ensures reliable performance for 500,000 cycles. Made of premium brass, it is built to last.

Designed for wall-mount installation with pre-attached flexible supply lines, it simplifies setup for two-hole installations. This mixer combines elegance with practicality.

38 4101

Single-lever Shower Mixer

The Doric 38 3101 single lever wall-mount bath/shower mixer with flow stopper.

It features a solid brass rectangular body for durability. The spout is equipped with a Neoperl aerator that provides a soft, aerated stream to prevent splashing and reduce noise. It also minimises limescale and hard water build-up. It also saves water.

The single lever handle has a square design that allows you to easily control both the flow rate and the temperature. The flow stopper lets you pause the water flow without adjusting the temperature. Powered by a tested EMPOLO Select ceramic disc cartridge with a lifespan of 500,000 cycles, this mixer is built to last. Its premium brass construction guarantees reliability.

Designed for wall-mount installation with pre-attached flexible supply lines, it simplifies setup for two-hole installations.

38 3101

Single-lever Shower/Bath Mixer

The DORIC 38 3601 rain-shower/bath filler set.

This solid brass, wall-mounted shower column features an overhead shower and a hand shower attachment. Both showers allow for easy rinsing and cleaning, as well as targeted water flow. The hand shower comes with a flexible hose for added convenience.

The spout is equipped with a Neoperl aerator that provides a soft, aerated stream to prevent splashing and noise. It also helps to reduce limescale and hard water, ensuring efficient water usage. The single lever handle has a square design and allows for easy control of the water flow and temperature. Powered by a tested EMPOLO Select ceramic disc cartridge with a lifespan of 500,000 cycles, this set is built to last.

Designed for wall-mount installation with pre-attached flexible supply lines, it simplifies setup for exposed installations.

38 3601

Single-lever Shower / Bath Combination

The DORIC 38 3801 free standing bath filler with hand shower. This free-standing bath filler has a solid brass, semi-cylindrical body. It features a hand shower with a flexible hose for easy rinsing and cleaning. The diverter valve allows you to switch seamlessly between the spout and hand shower.

The spout is fitted with a Neoperl aerator that provides a soft, aerated stream to prevent splashing and noise. It also helps to reduce limescale and the effects of hard water. The single lever handle has a square design and allows easy control of the water flow and temperature. Powered by an EMPOLO Select ceramic disc cartridge that has been tested for 500,000 cycles, this filler provides long-lasting performance.

Designed for floor-mount installation with pre-attached flexible supply lines, it simplifies setup for single-hole installations.
